

WESTMINSTER

Certification of Sufficiency Recall Petitions – Mayor Herb Atchison and Councillor Jon Voelz

Wednesday, April 28, 2021

Background

On Monday, August 31, 2020, Ms. Jessica True submitted a sworn affidavit to the City Clerk's Office, setting forth a specific statement of grounds to circulate recall petitions for Mayor Herb Atchison, Mayor Pro Tem Anita Seitz, and Councillors Kathryn Skulley and Jon Voelz, pursuant to the Westminster City Charter ("Charter") Section 3.18 and Westminster Municipal Code Section ("W.M.C.") 7-1-10. Petitions were approved as to legal form on September 1, 2020.

The deadline to turn in signatures was 60 days from the date the petition was approved as to legal form by the City Clerk's Office, which was Saturday, October 31, 2020, as required by Charter section 3.18, W.M.C. 7-1-10(d), and Colorado Revised Statutes ("C.R.S.") Title 31, Article 4, Part 5.

The required number of signatures to trigger a recall election for Mayor Herb Atchison is an amount equivalent to 25 percent of all votes cast in the last municipal election for that office, or 5,009 signatures. The required number of signatures to trigger a recall election for Mayor Pro Tem Anita Seitz, and Councillors Kathryn Skulley and Jon Voelz is an amount equivalent to 25 percent of the total votes cast for those offices at the last municipal election, divided by the number of open seats (3), or 6,098 signatures.

On Friday, October 30, 2020, the City Clerk's Office received four petitions from Ms. Jessica True, accompanied by three other individuals. Each petition was filed as a single instrument pursuant to Charter Section 3.18 and W.M.C. 7-1-10, and thus no subsequent filings could be accepted as part of the same petition after this date.

The City Clerk's Office released a Certificate of Initial Determination of Insufficiency on Friday, November 13, 2020. After withdrawal and amendment of the petition the City Clerk's Office released an updated Certificate of Insufficiency on December 7, 2020, followed by an Amended Certificate of Insufficiency on December 10, 2020.

Previously Disqualified Sections Ordered to be Considered

Certain petition sections were initially disqualified because:

1. the addition of a cover sheet renders that section different than the submitted and approved form and thus invalid under C.R.S. 31-4-502(1)(c);
2. the addition of a cover sheet rendering the top of each section without the required warning language or the exact statement of charges previously filed with the City Clerk and makes that section invalid under W.M.C. § 7-1-10; and
3. the addition of a cover sheet means that the section included a page that did not contain the warning language or the exact statement of charges previously filed with the City Clerk and thus invalid under W.M.C. § 7-1-10, and C.R.S. 31-4-502(1)(a)(II).

On April 16, 2021, the Adams County District Court, following an evidentiary hearing, issued an order requiring the City to evaluate and consider the signatures contained in these Previously Disqualified Sections (“DQ Sections”).
