Certification of Initial Determination of Insufficiency

Recall Petitions – Mayor Herb Atchison, Mayor Pro Tem Anita Seitz, Councillor Kathryn Skulley and Councillor Jon Voelz

Friday, November 13, 2020

Background

On Monday, August 31, 2020, Ms. Jessica True submitted a sworn affidavit to the City Clerk’s Office, setting forth a specific statement of grounds to circulate recall petitions for Mayor Herb Atchison, Mayor Pro Tem Anita Seitz, and Councillors Kathryn Skulley and Jon Voelz, pursuant to the Westminster City Charter (“Charter”) Section 3.18 and Westminster Municipal Code Section (“W.M.C.”) 7-1-10.

Petitions were approved as to legal form on September 1, 2020. See Attachment 1, Sample Recall Petition Approved as to Legal Form by City Clerk’s Office. The form submitted for approval totaled 19 pages, and named Ms. Jessica True, Mr. Gary Shea, and Ms. Debbie Teter as the representatives of all petition signers. It is worth noting that the approved form contained a signature page in which line number 59 was repeated; page 12 ends with signature line 64 and page 13 begins with signature line 75. While the final signature page (page 17 of 19) ends at signature line 104, each petition could contain a maximum of 96 signature lines.

The deadline to turn in signatures was 60 days from the date the petition was approved as to legal form by the City Clerk’s Office, which was Saturday, October 31, 2020, as required by Charter section 3.18, W.M.C. 7-1-10(d), and Colorado Revised Statutes (“C.R.S.”) Title 31, Section 4, Part 5.

The required number of signatures to trigger a recall election for Mayor Herb Atchison is an amount equivalent to 25 percent of all votes cast in the last municipal election for that office, or 5,009 signatures. The required number of signatures to trigger a recall election for Mayor Pro Tem Anita Seitz, and Councillors Kathryn Skulley and Jon Voelz is an amount equivalent to the total votes cast for that office at the last municipal election, divided by the number of open seats (3), or 6,098 signatures.

On Friday, October 30, 2020, the City Clerk’s Office received four petitions from Ms. Jessica True, accompanied by three other individuals. Each petition was filed as a single instrument pursuant to Charter Section 3.18 and W.M.C. 7-1-10, and thus no subsequent filings could be accepted as part of the same petition after this date. The process for intake of the petition filings followed the procedures as written in Attachment 2, Petition Filing – Intake Procedures. Each of the four petition instruments was filed in multiple sections. See Figure 1, below.

Figure 1. Recall Petition Sections filed on October 30, 2020.

Table with 2 columns: Recall Petition, Sections Filed. Rows include Mayor Herb Atchison (113), Mayor Pro Tem Anita Seitz (114), Councillor Kathryn Skulley (114), and Councillor Jon Voelz (112).

Four separate Certifications of Documents Filed were issued to Ms. Jessica True upon completion of the intake of petitions. See Attachments 3 – 6, *Certifications of Documents Filed*.

Upon receipt of the petition filings, the City Clerk's Office began processing the petition sections one by one. See Attachment 7, *Set of Petition Processing Coversheets – Atchison, Seitz, Skulley, Voelz*.

The City Clerk's Office processing procedures were as follows:

Step 1. Inspect each original petition section for legal compliance. Staff inspected each petition section to verify:

- the petition section filed matched the petition format approved as to legal form on September 1, 2020;
- the top of each section of the petition and each signature page contained the warning language and the exact statement of charges previously filed with the City Clerk, as required by W.M.C. 7-1-10(B);
- the petition section filed was intact, with no evidence of disassembly or evidence that the petition sheets were not fastened securely at the top during circulation.

Any petition that did not meet legal compliance upon initial inspection was set aside. Two members of City Clerk's Office staff executed a sworn affidavit detailing the reason(s) that such a petition section did not meet legal compliance, and the whole section was then sealed in a plastic envelope and set aside to preserve its original condition.

It is worth noting that, during this step, staff discovered several anomalies in the filed petition sections. First, every petition section was paginated in such a way that the front cover page had "Page 2 of 20" printed at the bottom. The petition approved to form by the City Clerk's Office was 19 total pages. See Attachment 1, *Sample Recall Petition Approved as to Legal Form by City Clerk's Office*. In addition, 66 petition sections had evidence that an unauthorized cover page was torn off. An unauthorized page was found in 13 total petition sections. This page was not submitted to the City Clerk's Office for approval as to form, lacks the requisite legal warning language, and contains a set of instructions to circulators with a different set of charges from those contained in the affidavit submitted on August 31, 2020 upon which the recall was based. Additionally, this page specifically instructs circulators to add this unauthorized page to their petition section. See Attachment 8, *Images of Unauthorized Page Added to Petition Sections*.

The City Clerk's Office arranged for a professional photographer from the Westminster Police Department to produce images of each section that was set aside along with corresponding documentation. Images of petition sections that did not meet legal compliance were published to the City's open records portal on November 3, 2020, along with the corresponding intake sheet and affidavit. All petition sections that were set aside were sealed into a box with evidence seals, and transferred to the custody of the Westminster Police Department for safe keeping in the evidence vault. These boxes will remain in Police custody until they are transferred directly to the Administrative Hearing Officer, Karen Goldman.

Step 2. Inspect each original petition section for completeness. Staff inspected each petition section to verify that all required fields in the petition section and Affidavit of Circulator were complete.

Any petition that had a field(s) that was not completed was set aside. Two members of the City Clerk's Office staff executed a sworn affidavit detailing the nature of the deficiency, and the whole section was then sealed in a plastic envelope and set aside in its original condition. Images of petition sections that were identified as incomplete were published to the City's open records portal on November 3, 2020, along with the corresponding intake sheet and affidavit.

During petition section processing as detailed above in Step 1 and Step 2, multiple petition sections appeared to have been circulated without having ever been securely fastened at the top, as required by Charter Section 3.18, and W.M.C. 7-1-10(B). These sections appeared to have either: creases in the paper that were inconsistent with the staples that were present upon filing; creases in the paper consistent with unsecure fasteners, such as a clip or clipboard; a single crease in the last page of the entire section only; or no creases at all in any of the pages of the petition section. While these sections raised questions, the City Clerk's office determined that there was not sufficient evidence at the time to disqualify these sections. The City Clerk approved all such sections identified to continue on to registered elector verification.

These specific petition sections are detailed in Attachment 9, *Affidavit re Certain Petition Sections Moved Forward*. Documentation for many of the sections identified in Attachment 9 were not originally noted in the Full Summary spreadsheet posted to the City's open records portal on November 3, 2020. The document was updated to reflect all the sections identified in the *Affidavit*, and can be referenced in Attachment 10, *Full Summary spreadsheet with details and sorts. Updated and Finalized 11/13/20*.

Step 3. Conduct an initial count of signature lines collected by petitioners. All petition sections that met legal compliance and completeness were processed in order to take an initial count of signatures that would move on to the registered elector verification process. This preliminary count of signatures yielded numbers as noted in Figure 2, below.

Figure 2. Preliminary Counts

LAST NAME	# OF SECTIONS SUBMITTED BY PETITIONERS	# OF SECTIONS MEET LEGAL FORM	# OF SECTIONS DISQUALIFIED (DQ)	SIGNATURE COUNT (PETITIONER)	# OF SIGNATURES DISQUALIFIED (DQ)	SIGNATURE COUNT (CITY CLERK) PENDING QUALIFICATION (DOES NOT INCLUDE DQ)	SUM OF DQ SIGNATURES + CCO COUNT	SIGNATURE COUNT VARIANCE (CC-P)	# OF SIGNATURES REQUIRED FOR RECALL	%AGE TO REQUIREMENT
ATCHISON	113	79	34	6,692	2,346	4,344	6,690	-2	5,009	86.72%
SEITZ	114	89	25	6,716	1,615	5,111	6,726	10	6,098	83.81%
SKULLEY	114	99	15	6,713	942	5,772	6,714	1	6,098	94.65%
VOELZ	112	87	25	6,757	1,445	5,318	6,763	6	6,098	87.21%
TOTAL	453	354	99	26,878	6,348	20,545	26,893			

At the time of this initial count, the petition sections eligible to move on to the registered elector verification process were insufficient in number to trigger a recall election for any of the officials named in the recall petitions. Nonetheless, in anticipation of potential filed protests, Staff continued the processes as outlined below. Note: As progress was made during Step 5, some counts were changed to correct initial errors in counts. See Attachment 10, *Full Summary spreadsheet with details and sorts; Updated and Finalized 11/13/20*.

Step 4. Disassemble and copy all petition sections in preparation for registered elector verification. Staff from the City Clerk's Office systematically disassembled all petition sections moving to the next step for imaging and copying. Note: Four petition sections were discovered to have deficiencies in the Affidavit of Circulator during this processing step by staff. Two members of staff executed a sworn affidavit detailing the nature of the deficiency in the Affidavit of Circulator, and the whole section was then sealed in a plastic envelope and set aside, noting that the disassembly was done by the City Clerk's Office. Images of these four petition sections were published to the City's open records portal on November 3, 2020 with the corresponding documentation.

Images of the petition sections moving forward to Step 5 were published to the City's open records portal on Tuesday, November 3. Hard copies of the petitions moving forward were organized, filed, and prepared for staff who would be completing Step 5.

Step 5. Line-by-line registered elector verification processing. During this step, each petition section was verified by staff against a database of eligible Westminster registered electors. The

database of voters contained the combined list of Westminster registered electors from both Adams and Jefferson counties. The lists were obtained through the Elections Divisions of both County Clerk and Recorders. The Adams County list was received on November 1, 2020, and the Jefferson County list was received on November 2, 2020. In addition, the City Clerk's office also requested, and was granted access to, the Secretary of State's online voter registration database.

As a quality control measure, staff re-counted every line in each petition section to verify the initial counts done in Step 3. Some minor adjustments were made to those numbers, which are reflected in Attachment 10, *Full Summary Spreadsheet with details, sorts. Updated and Finalized 11/13/20*.

Verification staff were also instructed to check for consistency in the dates noted on all pages of each petition section, and to ensure that all signatures noted in the petition section were dated prior to the date the Affidavit of Circulator was executed and sworn. Some inconsistencies in dates were found, and are noted in the detailed reports. See Attachment 18, *Problem With Date Report - All Petitions*.

Verification staff were instructed to use the following result codes to notate each record accordingly in the database:

- Valid signature
- Not registered
- Duplicate signature
- Illegible name
- Incomplete line
- Name not consistent
- Address outside of city
- Problem with date

See Attachment 11, *Signature Processing Summary Chart*. See Attachments 12 - 18 for detailed result code reports for all petitions

Petition to Recall Mayor Herb Atchison

Summary. On Friday, October 30, 2020, 113 petition sections were filed with the City Clerk's Office. The signature count as calculated by the petition committee was 6,692.

During processing, 34 petition sections were disqualified for the following reasons:

- No notary seal affixed to the Affidavit of Circulator in violation of Charter section 3.18, and W.M.C. 7-1-10(B);
- Petition not to form - unauthorized page added to the section which does not contain the required warning or the exact statement of charges previously filed with the City Clerk, containing instead a different statement of charges, in violation of Charter section 3.18 and W.M.C. 7-1-10(B); and C.R.S. 31-4-502;
- Evidence of disassembly in violation of C.R.S. 31-4-503(d); and
- Petition not to form - evidence of removal of an unauthorized cover page and thus evidence that, among other things, the top of such section did not contain the required warning or the exact statement of charges previously filed with the City Clerk, in violation of Charter section 3.18, W.M.C. 7-1-10(B), and C.R.S. 31-4-502.

The disqualified sections contained 2,346 lines of elector information (as calculated by the petition committee).

The City Clerk's Office verified 4,346 lines of elector information in the remaining 79 petition sections. Of the 4,346 lines that were verified, a total of 3,828 electors were found to be valid.

The verified number of qualified registered electors does not meet the required number of 5,009 needed to trigger a recall election, and therefore, the Petition to Recall Mayor Herb Atchison is found to be insufficient. See Figure 3, below.

Procedure for Intake of Recall Petition Sections

City Hall remains closed to the public. The only people who will be allowed in to City Hall for the intake process will be City Staff, the petition committee submitting documents, and media who have requested permission through the City Clerk's Office in advance to attend.

- At the pre-arranged appointment time for petition intake of **Friday, October 30, 2020 at 12:30 p.m.**, petitioner(s) shall be greeted at the main doors of City Hall.
- A health and safety screening will be conducted on every individual prior to being admitted to the building. Screening will include a touchless temperature check, and a written symptom check.
- Masks/face coverings must be worn by all persons inside City Hall for the duration of the appointment, and social distancing guidelines must be adhered to at all times.
 - Failure to comply with these rules will result in being asked to leave the building.
- 4 separate petition intake stations will be open in the lobby, and will be clearly designated as the recipient of a single elected official's recall petition sections.
- 7 City Staff members will be posted in the lobby: 1 at each of the 4 stations, and 3 floaters. Additionally, there will be one Police Officer posted in the lobby. Media who requested permission to attend in advance will be allowed inside City Hall to observe.
- Each station will have 1 table, arranged lengthwise, with a plexiglass screen in between the petition filer and City Staff member.
- Staff will receive each petition section one at a time, and keep a running count as they are submitted.
- Once all petition sections have been submitted, a second and final count of the sections received by City Staff will be completed.
- After a final count is confirmed, each petition section will be individually filed in clearly marked boxes by City Staff.
- The City Clerk will issue a Certified Receipt of Documents Filed. A copy of each Certified Receipt will be on file with the City Clerk's Office.
- Boxes will be moved to a secured locked room, only accessible by authorized City Clerk's Office Staff.

Thank you for helping to lower our water rates in the City of Westminster!

Our goal is to obtain 6500 signatures for EACH individual petition for each Councilmember who is being recalled from office before our deadline which is Thursday, October 29th, 2020.

Recall Petition Instructions:

1. There are four individual recall petitions: One for each- Atchison, Seitz, Skulley, and Voelz. Please ask persons interested in lowering our water rates to sign all four recall petitions. All these councillors voted for these high water rates.
2. Email westywaterinfo@gmail.com and notify us that you are a.) Circulating (collecting) signatures and b.) let us know which neighborhood(s) you are working on collecting.
3. Staple or clip each recall petition packet including the instruction page together after you print it out to keep it orderly. Only use black or blue ink pen only to sign the petition. No pencils.
4. Any registered and eligible voters who live in the City of Westminster may sign the petitions to recall the councillors.
5. The person who is collecting signatures on each recall petition is called the Circulator.
6. The Circulator is required to observe each person signing their petition and may not be paid for their time.
7. Then after collecting all your signatures, the Circulator must schedule an appointment to notarize the attached form "affidavit of Circulator," located in this document on page twenty.
8. In front of the notary, the Circulator must fill out and then get notarized the "affidavit of circulator" which is located in this document on page twenty. We will help you find a free notary service. For more info email westywaterinfo@gmail.com.
9. Then, drop off your recall petition to us.
Contact westywaterinfo@gmail.com for information on locations where to drop off your recall petition.

do hereby make oath and say that:

Upon initial review of petition sections for legal compliance and conformity, multiple sections (listed below) appeared to have been circulated without having ever been securely fastened at the top, as required by 7-1-10(B), W.M.C.

The petitions listed below, appeared to have either: creases in the paper that were inconsistent with the staples that were present upon filing; creases in the paper consistent with unsecure fasteners, such as a clip or clipboard; a single crease in the last page of the entire section only; or no creases at all in any of the pages of the petition section.

While these sections raised questions, there was not sufficient evidence before me at this time to disqualify these sections. All sections listed below were approved to move on to registered elector qualification.

- Petition Sections to Recall Atchison: 43, 44, 48, 68, 77, 80, 83
Petition Sections to Recall Seitz: 47, 75, 78, 79, 80, 88
Petition Sections to Recall Skulley: 38, 41, 43, 78, 90
Petition Sections to Recall Voelz: 35, 40, 41, 42, 70, 82
