

# HOW TO SAFELY USE A FACE COVERING

For the safety of yourself and those around you, cover your nose and mouth when in public using a bandana or homemade cotton face covering.

## APPLICATION

Wash your hands  
well

Secure as completely  
as possible for your  
time in public

## USE

DO NOT touch your  
face or the covering

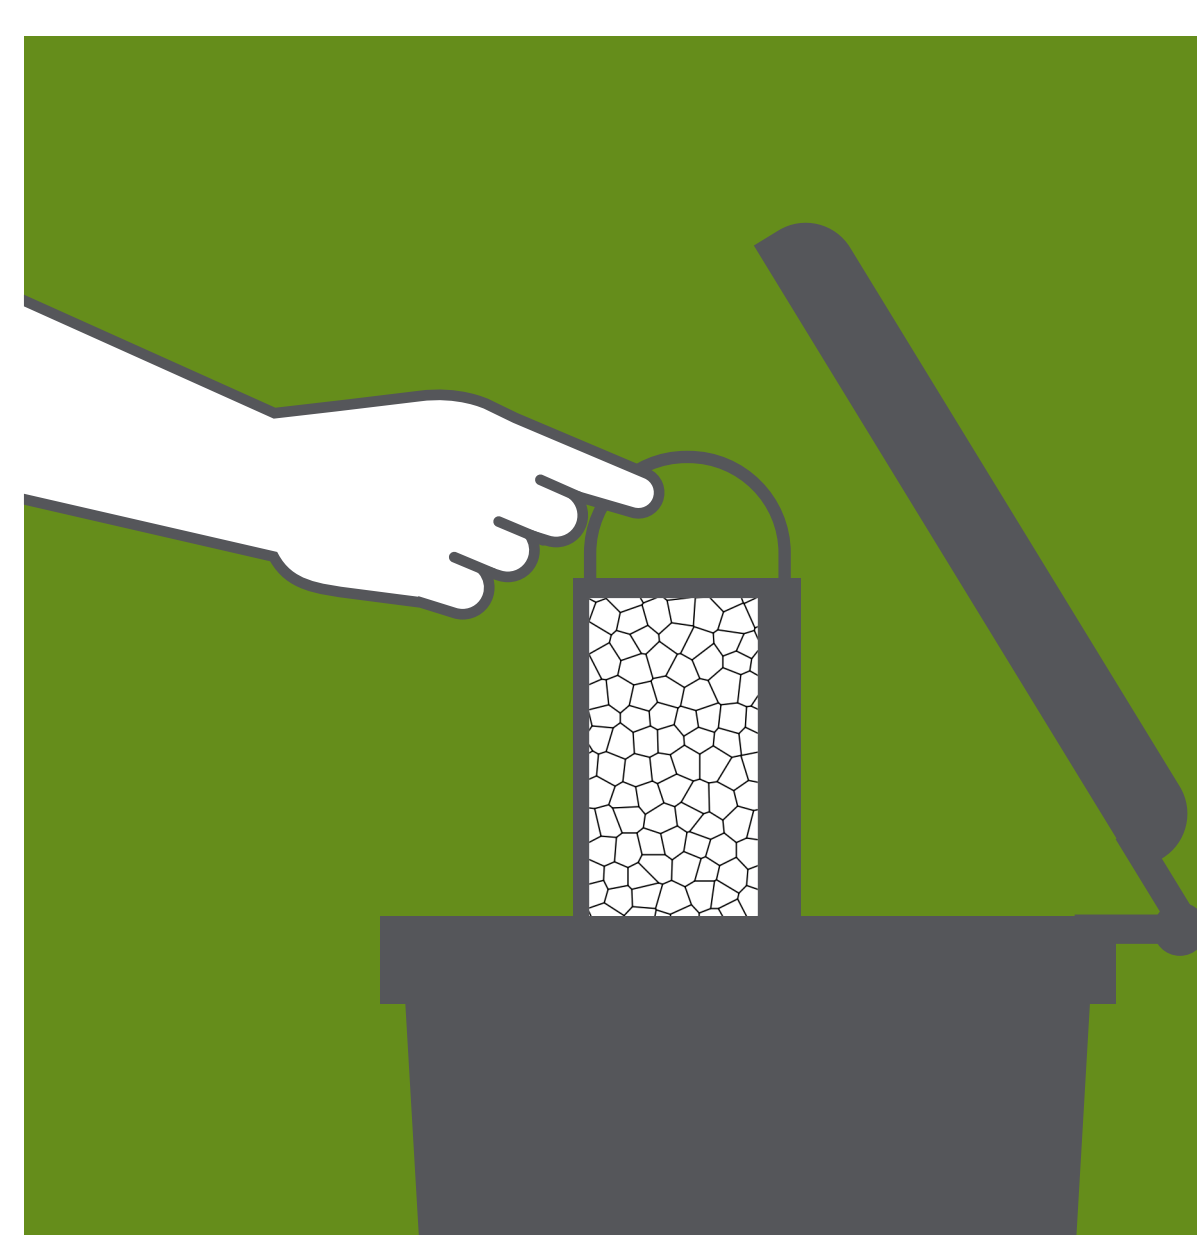

Replace if it gets  
damp, or sneezed or  
coughed on

## REMOVAL

Remove from  
behind, keeping  
the outer layer  
away from you

Place directly into  
laundry and wash  
hands
