**Sheridan**  
**Blvd. 2022**

**I Sheridan Blvd. estará en obras de construcción durante 2022 en tres áreas.** Para conocer más detalles, visite [www.cityofwestminster.us/sheridan2022](http://www.cityofwestminster.us/sheridan2022) o escriba al correo electrónico [ConstructionOutreach@CityofWestminster.us](mailto:ConstructionOutreach@CityofWestminster.us) para recibir más información.

# Driving on Sheridan Blvd. this year?

Expect some changes to your trip!

In 2022, we will be making big changes to Sheridan Blvd. to make life better along one of the main roads in our community.

Throughout the year, you will see three main projects in progress.

# Sheridan Blvd. 2022

We know construction can be disruptive. We'll be working hard to complete our projects on schedule and remove our cones from the roadway when possible.

## SHERIDAN REPAVING PROJECT

Each year we prioritize which roads to repave in Westminster based on their condition. On Sheridan Blvd. between 92nd Ave. and 96th Ave., we will grind off the top 2" of roadway, make any base repairs needed to the road, then repave Sheridan Blvd. with a 2" overlay and fresh striping and channelizing. Expect lane closures and traffic delays as crews work in this area. One lane in each direction of travel will be maintained at all times.

**EXPECTED COMPLETION:**  
**FALL 2022**

## SHERIDAN UNDERPASS PROJECT

The Sheridan Underpass will be a tunnel underneath Sheridan Blvd. to give pedestrians and cyclists a direct connection to Downtown Westminster without having to cross over Sheridan Blvd. The Underpass project also includes improvements to Sheridan Blvd. in this area such as better traffic signals, energy-efficient lighting and improved medians for safety.

**EXPECTED COMPLETION:**  
**SPRING 2023**

## SHERIDAN WATER LINE REPLACEMENT PROJECT

The Sheridan Water Line Replacement project addresses concerns of age, condition, and capacity of the current water line along Sheridan Blvd. between 72nd Ave. and 80th Ave. Replacing the pipe will improve reliability of water service, help reduce watermain breaks, and provide better water service to our South Westminster residents.

**EXPECTED COMPLETION:**  
**SPRING 2023**

## WHAT TO EXPECT WHEN TRAVELING ON SHERIDAN BLVD.

- Longer travel times
- Crews and cones to be present in the roadway
- Heavy machinery, dust, and vibrations
- Pedestrian detours
- Typical work hours across all projects will be 7 a.m. to 7 p.m., Monday–Friday
- Work may be completed at night, advance notice will be provided
- A minimum of one lane in each direction maintained on Sheridan Blvd.
- Police and flaggers on site to support commuter and business traffic

**Sheridan Blvd. estará en obras de construcción durante 2022.** Para conocer más detalles sobre estos proyectos y cómo pueden afectarlo, visite [www.cityofwestminster.us/sheridan2022](http://www.cityofwestminster.us/sheridan2022) o escriba al correo electrónico **ConstructionOutreach@CityOfWestminster.us** para recibir más información.

## Stay in touch!

Visit [www.cityofwestminster.us/sheridan2022](http://www.cityofwestminster.us/sheridan2022) and sign up for project email updates or check our project specific webpage.

If you operate a business and have any concerns over deliveries or continuous access, please reach out to us at [constructionoutreach@cityofwestminster.us](mailto:constructionoutreach@cityofwestminster.us). We would be happy to provide you with a briefing virtually or in person to talk through your concerns during construction.
